PHILIPS

Children's  Medical Ventures

Extended warranty, service and accident protection plans are available from Philips Children's Medical Ventures. Extended warranties provide reassurance that your product is covered if your unit manufacturer warranty is coming to an end. If your warranty has already lapsed, a service agreement allows you to plan expenses and reduce the opportunity for exposure. Accident protection plans cover you for all repairs, including those caused by drops, spills or other mishaps that may occur during normal use. Whatever your service needs, we have a plan that's right for you.

Extended warranties provide the same protection as the standard one-year warranty and cover all electrical and mechanical system issues with your BiliTx.
